

Dear parents or guardians,

I am delighted to share with you that this school year, our class will be using Seesaw (<http://seesaw.me>), a secure online journal where students can document and reflect on what they are learning in class. Your child will be able to add the things we work on (including photos, videos, worksheets, drawings and voice recordings) to their Seesaw journal and we can share them privately with you and other family members to view and comment on throughout the school year.

In order for your child to use Seesaw, the app needs your child's name in order to be able to associate work like their photos, videos or voice recordings with their account. Seesaw only uses this information to provide the service and doesn't advertise in Seesaw, create profiles of students, or share or sell your child's personal information or journal content. You can read more about their strong privacy promises at <https://web.seesaw.me/privacy>.

Seesaw uses a handful of third-party service providers ("subprocessors") which help them provide their services, for example, services that help Seesaw store data or send emails. You can view a list of Seesaw's subprocessors, how they're used, what data they collect, and their security practices at <https://web.seesaw.me/subprocessor>. Rest assured that Seesaw's subprocessors have signed a Data Protection Agreement, which stipulates that any data shared with them will be used exclusively to provide services to Seesaw and not for any other purposes.

I hope that your child will enjoy using Seesaw to document and share their learning this year. To fulfill Australian privacy requirements, we're requesting your permission to use Seesaw with your child. Please complete and sign below and return this permission slip at your earliest convenience.
